

The Global Media and Social Sciences Research Journal is peer-reviewed, open access, scholarly journal that provides a dedicated, interdisciplinary forum for international research on all aspects of communication, media and social sciences. The journal also publishes new research on digital platforms, social media and related policy. The journal actively encourages both quantitative and qualitative approaches related to media, communications and social sciences. The journal invites submission of papers under the following categories but not limited to:

- Media Studies
- Psychology
- International Relations
- Political Science
- Anthropology
- Gender & Human Rights
- Women's Empowerment
- English
- Economics and Business.

Contributors should be familiar with the nature and scope of the journal. Familiarity with past issues of the journal is essential. Abstracts of the current and previous issues are available, both in hardcopy and at the journal's website.
